THE STORY

About 25 years ago, the basic idea for LaDot was born and in recent years has developed from a simple market product into a globally successful product concept.

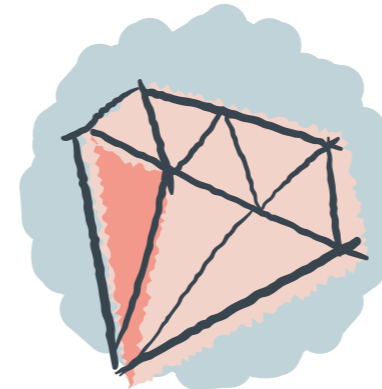

First-class materials, European-certified cosmetics production and a large portion of passion have made LaDot the market leader in temporary tattoo stamps.

THE ADVANTAGES

Each individual rhinestone is coated with a skin-friendly adhesive, which makes it possible to apply the crystals easily.

SETS

The compact set includes everything, so you can start right away: a stamp pad, temporary body ink, one tattoo stone M or two tattoo stones S and either a liner or rhinestones.

STARTERSET

The XL stamp pad and temporary body ink belong together and build the basis to create beautiful tattoos.

EXPLORE OUR VIBRANT COLLECTION OF CHILDREN'S DESIGNS!

Due to popular demand, we've expanded our range to offer an extensive selection crafted especially for our youngsters.

Nothing brings greater joy to children than sporting an 'almost real tattoo'! Each of our children's designs is meticulously crafted with attention to detail, ensuring a sense of pride for your little ones.

Moreover, your children's safety is our top priority. All our inks undergo rigorous dermatological testing and certification, guaranteeing complete peace of mind when your children wear our tattoos.

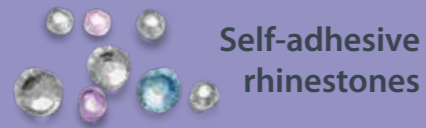

Nevertheless, as the tattoo and body liner ink contain alcohol, the tattoos should always be applied under the supervision of adults.

HOW IT WORKS...

1 - FILL THE STAMP PAD

Fill the XL stamp pad with body ink, you need about $\frac{3}{4}$ of the tube (or $\frac{1}{2}$ of the tube if you use the stamp pad small). Wait about 30 minutes until the first use of the stamp pad, so that the body ink can spread evenly. **Always close the pad immediately after use.**

2

2 - CLEAN THE SKIN

Before stamping, it is best to clean the skin to make it oil-free. For best results do not place the tattoo in skin folds or in places where clothes rub.

3 - STAMP IT

New stamps are dry, so roll the stamp over the stamp pad a few times before the first use. Roll the stamp over the stamp pad and do not press it. Then roll the stamp onto the skin quickly. Do not press! Let the tattoo dry for about 10 seconds.

4

4 - DECORATE AS YOU LIKE

Draw where necessary and desired with the tattoo liner and decorate in colour. Enhance your tattoo with self-adhesive rhinestones.

5

5 - REMOVE THE TATTOO

It's easy and very simple. Apply make-up remover or baby oil and the tattoo will be removed easily.
